The American Community Survey provided estimated citizen voting age population (CVAP) data at the block group level in a Special Tabulation. Because the MOE can only be calculated using whole block groups, all block groups with more than 50% of the population in a district are included in the analysis. The Red-118 report provides a summary of the block groups used in the analysis.

The percent for each CVAP population category is that group's CVAP divided by the CVAP total.

Numbers in parentheses are margins of error at 90% confidence level.

U.S. Congressional Districts
Proposed Plan
PLANC2223

This map displays the Red River region in Texas, highlighting the counties of Bowie, Cass, Morris, and Texarkana. The Red River is shown flowing along the northern and eastern borders. Major highways, including US-259, US-82, US-30, and US-67, are marked with their respective shields. Numerous smaller roads are also labeled with numbers. The map is color-coded: red for the Red River area, green for the surrounding land, and blue for water bodies. The number '4' is prominently displayed in the upper left, and the number '1' is in the lower center. The names of the counties (RED RIVER, MORRIS, CASS, BOWIE, TEXARKANA) are written in large, bold letters. The names of the cities (Avery, De Kalb, New Boston, Hooks, Leary, Red Lick, Nash, Wake Village, Redwater, Maud, Domino, Douglassville, Naples) are written in smaller, bold letters. The map also shows the locations of the Red River and the Red River Bridge.
